

TPX Hose for Sale

- ◆ 21 Sections of 3-inch x 100'
\$505 per section

- TPX is a 3-ply nitrile rubber municipal fire hose with both the cover and liner made independently along with high tensile strength polyester reinforcement for maximum durability and flexibility.
- Smooth liner keeps friction loss to a minimum and is the best-in-kind, surpassed only by Ponn Conquest.
- Nitrile rubber cover greatly increases abrasion resistance, provides long service life and the tightly woven reinforcement resists puncture.
- Hose remains flexible to temperatures as low as -5°F (-20°C) and is resistant to ozone, oxidation, and most chemicals or petroleum products.
- Suitable for attack, supply, and suction applications.
- Snap-tite TPX is manufactured in accordance with NFPA 1961 standard, latest edition within their ISO-9001: 2000 certified quality assurance system.
