

NEW PRODUCT ANNOUNCEMENT

ChaseCam® PDR100 Digital Recorder

5 Alarm Fire & Safety is excited to introduce the award-winning ChaseCam® PDR100. Capture your emergency response and emergency scene with this easily mountable video recording device. Perfect for Fire, EMS & Law Enforcement!

- Small, lightweight and affordable
- No moving parts. No tape. No tangle of wires
- Uses industry standard CompactFlash cards
- Writes digital video as MPEG2 in full NTSC or PAL (auto-selecting)
- 720 x 480 @ 30fps (NTSC) and 720 x 576 at 25fps (PAL)
- Easy drag-and-drop creation of DVDs
- User-settable resolution and video quality
- Rugged, anodized aluminum case
- Powerful, user-programmable, yet easy to use. Plug and play operation!
- Instant on and record
- Runs off internal AA batteries or external power (12V DC)
- Provides power to the camera
- Operating software is easily field upgradeable
- Video can be "looped" for constant recording
- On-board high quality microphone or plug in external audio
- User-adjustable audio sound settings
- Live output of audio/video and playback recordings
- Digital interface (RS-232) and remote control (RJ-45)
- Can record data and interface to other data acquisition devices
- Date and time stamp. Onboard clock
- Bullet cameras (highest industry resolutions)
- Camera mounts (clamping, roll-bar, helmet, suction cup, and many more)
- Mounting brackets for the PDR
- Waterproof case
