

RESCUE 42

Innovative Tools for Extrication and Rescue

Trade In Your Old Steel Struts And Save Up To \$2000 On The NEW Advanced Kevlar® Composite Telecrib® Stabilization System

Vehicle Stabilization

For a limited time, Rescue 42 is allowing customers to use their old steel strut systems to upgrade to the new Advanced Kevlar® Composite TeleCrib® Stabilization System.

For each steel strut assembly turned in, customers will receive a \$250 credit towards the purchase of a TeleCrib® Stabilization Kit of equal or greater size.

The following strut brands will be accepted under the upgrade program:

- Rescue 42, Steel TeleCrib®
- Res-Q-Jack®
- Junkyard Dog™/Nightmare™ Struts
- Kodiak
- ResQLogic
