

This is to certify that  
**5 Alarm Fire & Safety Equipment Inc**

of

**Fort Atkinson, WI**

is a

**C.A.R.E. Authorized Repair Center**

and that the following employees have successfully completed an MSA C.A.R.E. course of instruction to become

**MSA BMR Certified C.A.R.E. Technicians**

**Jim Nies (03-07) Travis Larson (10-05) Adam Deaton (06-06) Josh Ramsey (11-08)**  
**Daniel Michels (1-07) Josh Ramsey (11-07) Scott Marquardt (10-05) Kenneth Wisehart (11-08)**

---

---

The Air Mask Authorized Repair Center C.A.R.E. Technicians named above are hereby authorized to perform all test and repair procedures for MSA BMR self-contained breathing apparatus with belt-mounted regulators and BMR dual-purpose breathing apparatus with belt-mounted regulators as specified in the MSA BMR Air Mask Certified Maintenance Manual.

The above-named individuals have successfully completed a C.A.R.E. training program conducted by an authorized instructor, and are hereby authorized to perform repairs on MSA BMR Air Masks only while they are employed by the above-named facility; and only when the tools, test equipment, and replacement parts as currently specified or later modified by MSA are used. This certificate is non-transferrable.

Awarded this 18th day of November, 2008

This certificate supercedes all prior certificates, and expires November, 2011

Registration No. W-1723

  
J. Martin, Manager, North American Field Service

  
J. Bigler, President, MSA North America
