PROTECTING AMERICA'S HEROES

## 5 Alarm Fire and Safety Equipment Presents “ON-LOCATION” EXTRICATION TRAINING

In 2008 there were 5.8 million motor vehicle crashes in the United States. Approximately 2.25 million of those crashes resulted in injury or death; those vehicles involved were passenger cars or light trucks.

Are your personnel properly trained in the latest extrication techniques and procedures? Extrication is a challenging and ever changing discipline. With new car technologies, and stronger metals, we have to stay on top of the best ways to extricate those trapped in the vehicle safely and efficiently. 5 Alarm's Full Day Extrication Training course teaches:

- Scene Management
- Vehicle Stabilization
- Basic, Intermediate and Advanced Extrication Techniques
- Patient Removal
- New Vehicle Technologies
- Air Bag Rescues
- Hand and Hydraulic Tools

These "**On-Location**" Extrication Training packages are now available for purchase. Your fire department would host the event at the location of your choice within 5 Alarm's four state coverage area which includes Illinois, Indiana, Wisconsin and the Upper Peninsula of Michigan. Contact 5 Alarm for additional details.

*All necessary Extrication Equipment will be provided.  
Participants are required to have full turn-out gear, helmets and eye-protection.*
