

HURST eDRAULIC® WATERTIGHT TOOLS

5 ALARM

NO WONDER IT'S CALLED A JAWS!

The EWXT rescue tools are the first of their kind. They allow you to operate submerged in water, unencumbered by hoses or power units. And despite their unique skill, they're still the fastest, most powerful tools in the business.

Now you can get the Watertight Tools in our Ultimate Custom Package:

- S 789 EWXT eDRAULIC® Cutter The underwater cutter with the biggest bite.
- SP 555 EWXT eDRAULIC® Spreader Great for making underwater exits. This spreader is a game-changer.
- R 521 EWXT eDRAULIC® Ram Pack an underwater punch. The first ram of its kind.

Each tool comes with (2) 9Ah batteries and (1) 110V Charger.
